

A background image of a bowling alley. In the foreground, a blue and black marbled bowling ball is positioned on the left. In the background, a set of white bowling pins is arranged in a triangular formation. The scene is dimly lit, with the lane surface reflecting some light. A white rectangular border is superimposed over the center of the image, framing the text.

WE ARE GOING
BOWLING!

In the morning, we will drive to Highpoint Shopping Centre. The bowling alley is inside the shopping centre.

We will meet at the front of Strike bowling alley. We will wave goodbye to our parents and walk in together.

I can wear my
own shoes to
bowling as long
as they are close-
toed shoes.

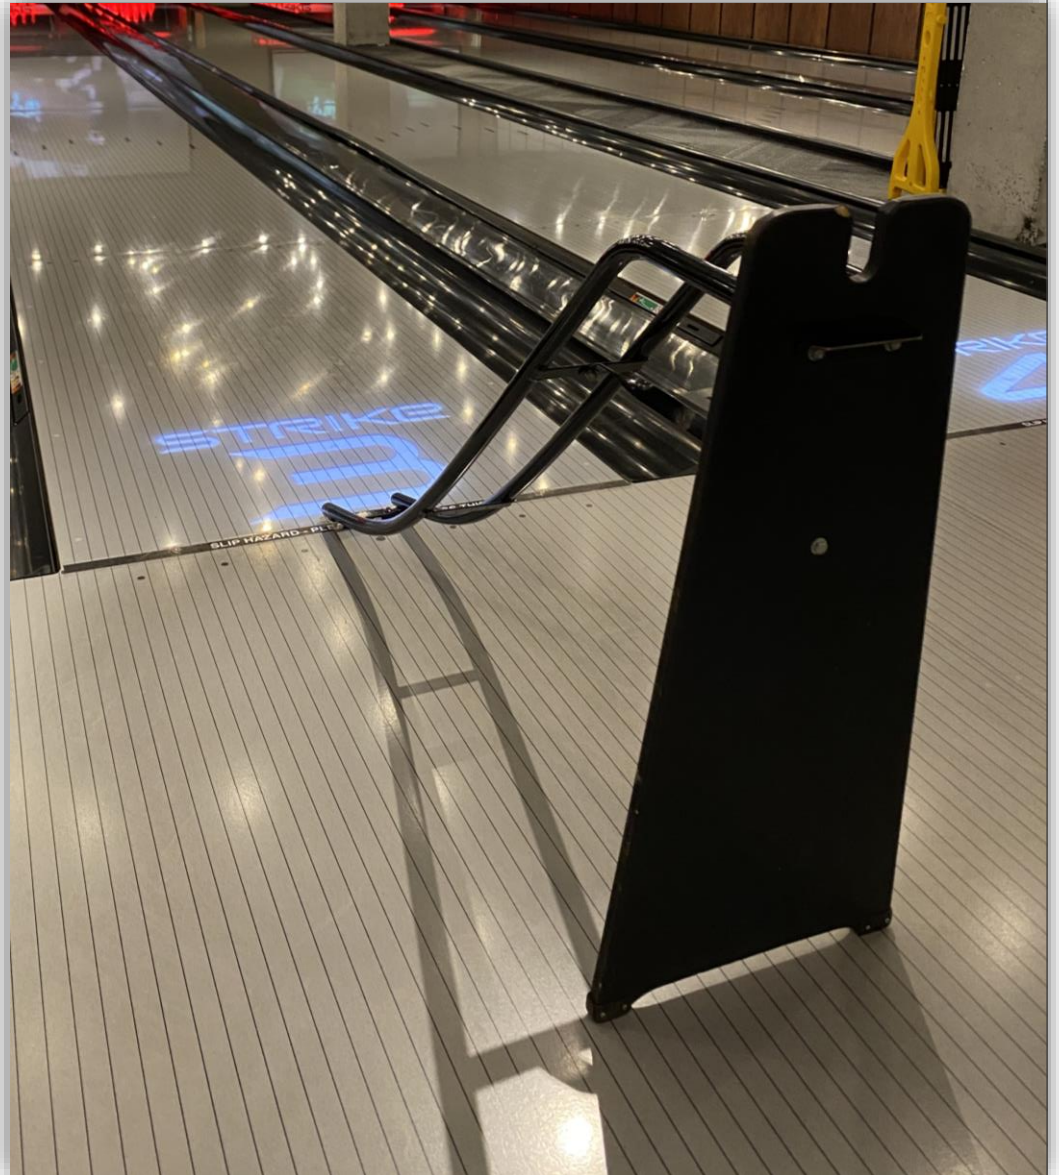

Next, we put our names on the monitor so we know whose turn it is.

We take turns bowling. When it is my turn, I roll the ball down the alley.

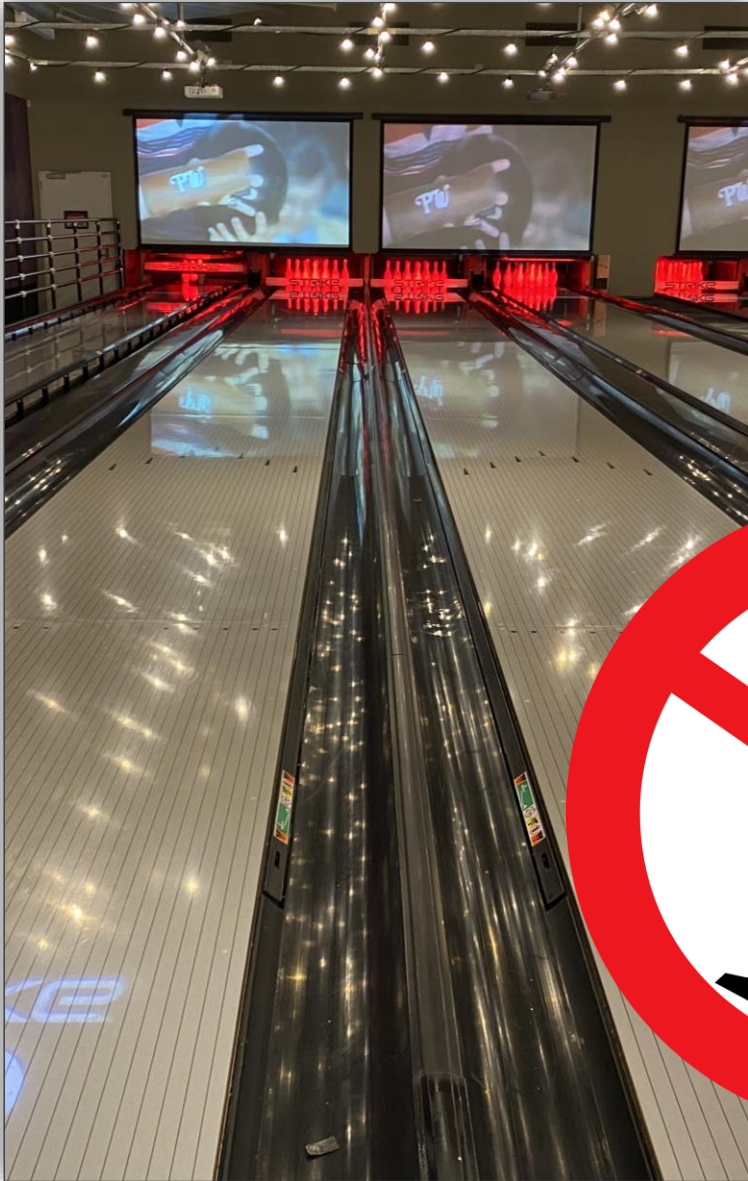

I can use the ramp to
roll the ball down if I
want to.

I try and knock down all the pins. I get 2 tries to knock down the pins.

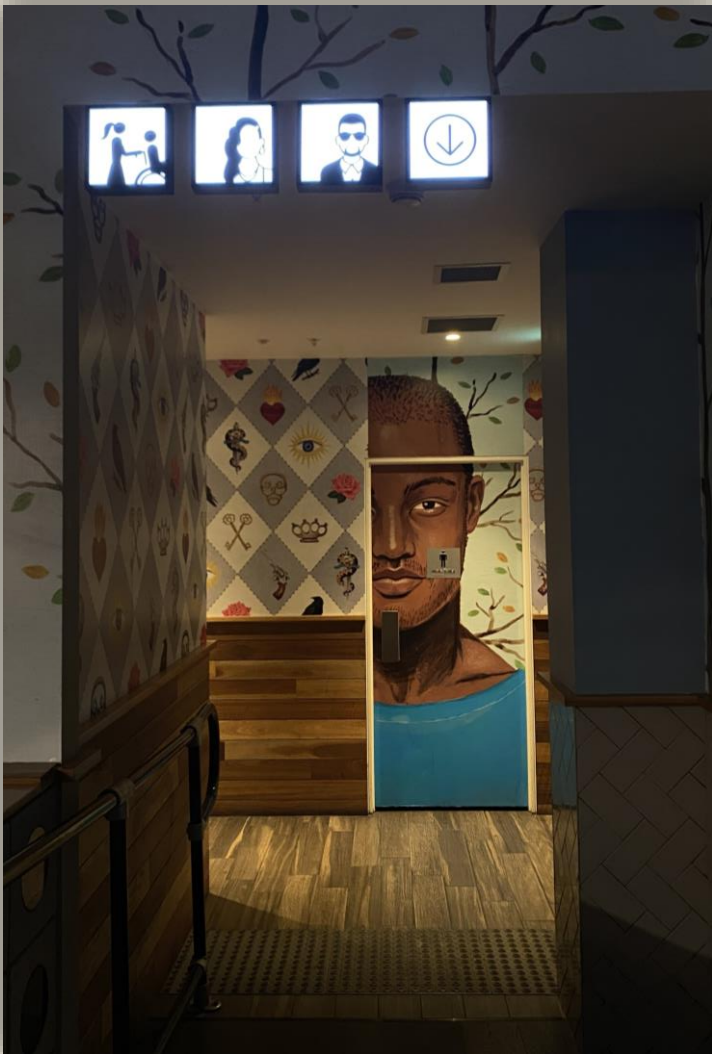

I do not walk on the
alley because it is
slippery, and I might
fall.

Then I sit down and wait for my next turn.

I will ask an adult if I need
to go to the toilet.

I do not go into the food area. I do not touch anything in the food area.

We will go into a different room and have a snack.

WHEN WE HAVE FINISHED
THE GAME, OUR PARENTS
WILL PICK US UP.
